

health and can again stand among
my comrades and in a few days I hope
that I shall again feel as well as
looking you over that it will be some
time in alligance and I should
think as so for almost for ever I
will still remain in the same
it had been your mother that
she had been in the same
and with her just as she was I
should think by the way you might
see and that was what I
was and father we had gone
to see him I have had some
that he had gone to his longed
about him and the unexpected
with the news he had been
my and with my wish, which
thought that I was the most in
danger my self that that I
had got spotted and out down
like a flower in autumn & in

this is the first thing that ever
was related in it is the first
time that I ever knew what sorrow
and it is the first time that
I ever felt grief at heart
and I do know that I hope
it will be the last
you know that you should be
as I have my own circumstances
I do not know that I can explain
all of them in your but I will try
my best in these words if I could
see but as you and sister think
and it will be a very good but
for a soldier, and being as a
good man would be reported,
it is more properly of friend
must also have taught and learn
suffer and die, but not that we
suffer here with account of some
thing as a gift for my few well for
soldiers, but we should not have
